Re: English WN, Well No. 13
NE NE Section 21-43S-22E
San Juan County, Utah

Dear Sir:

Attached in duplicate are Application for Permit to Drill and Certified Location Plat for the captioned location. Geologically, we desire to drill this well in the C NE NE of Section 21, however, due to terrain the closest suitable location to the desired location is as follows:

450 feet from North Line, 940 feet from East Line of Section
21-43S-22E, San Juan County, Utah.

Since this is an unorthodox location, pursuant Rule C-3, General Rules and Regulations, application for exception is hereby made on the following basis:

- (1) Topography (solid rock and cliff) prohibits drilling the well at the desired orthodox location.
- (2) Sinclair Oil & Gas Company is the owner of all oil and gas leases within 660' from the proposed location.

If approval is granted for this application, we would appreciate being advised at the earliest possible date.

Very truly yours,

W. A. Walther, Jr.

English Lease - Navajo Nation I-149-IND-7180

Dear Ms. Romero,

Pursuant to our telephone conversations this date I am faxing you a copy of the assignment of mining lease approved by the Navajo Nation.

As we discussed, all of the English wells are located on this one Indian lease and this copy should allow you to change your records to show that Mountain States Petroleum Corporation took over as operator in June of this year.

If you are in need of anything further in this matter please let me know. Thank you for all of your assistance with this transfer.

Sincerely,

Judy Burkhart,
